

# First Announcement of Midwinter - Workshop on Tagging Methods and Experiments

Jyväskylä on January 16-17, 2004.

Topics of the workshop will cover ideas and results obtained in the EU-ARI-RTD-EXOTAG project.

The latest results from the JUROGAM+RITU+GREAT experiments will be presented and a discussion of future plans and new ideas will take place.

The workshop will commence at 9:15 on Friday, 16 January and will be finished by late afternoon on Saturday.

## **Registration:**

Please confirm your attendance by e-mail to Paul Greenlees ([ptg@phys.jyu.fi](mailto:ptg@phys.jyu.fi)) with a copy to Rauno Julin ([Rauno.Julin@phys.jyu.fi](mailto:Rauno.Julin@phys.jyu.fi)) not later than Friday 12th December 2003.

For accommodation we have reserved some university guest flats and a number of rooms in Hotel Alba. Please give your accommodation request with arrival and departure times in the email.

We are interested in oral contributions on any of the aforementioned aspects, in addition to presentations by invited speakers. If you would like to give a presentation, please include a short summary in your e-mail response.

## **Support:**

There will not be any workshop fee. Lunches on Friday and Saturday, coffees and workshop dinner will be provided by JYFL.

Some EU funding will be available to support the travel and local expenses of participants. If you wish to apply for funding, please mention this also in your reply.

Further information (including how to get to Jyväskylä) can be found on our web pages:  
<http://www.phys.jyu.fi/>

With kind regards,

Rauno Julin  
Paul Greenlees  
On behalf of the EXOTAG and JUROGAM collaboration
